

EXCLUSIVE RANGE OF SLIDING WARDROBE DOORS

Glide sliding wardrobe doors are manufactured using the highest quality aluminium frame and tracks with a superior sliding mechanism, resulting in a high end sliding furniture door system.

With its unique patented frame design, the Glide sliding door system provide a huge number of advantages over other sliding door systems.

Sample of frame
as described

- This unique frame has an 18mm cavity, which caters for 18mm MFC board or 18mm high gloss acrylic board. This results in sturdier, more durable doors with far more stability and no risk of bowing even in the large panel sizes.
- The frame also has a 4mm cavity for glass and mirror, meaning no need for unsightly plastic frames and silicone to hold glass and mirror in the frame.
- This frame design means that multi-panel doors with divides have all panels flush and seamless.
- This unique design also means that doors can be used as 'room dividers' and for walk in wardrobes and you can even have different panel colours on both sides.

KEY FEATURES OF THE GLIDE SLIDING DOOR SYSTEM

- 10 year guarantee on doors and track
- Made to measure doors, up to 2500mm H and 1250mm W
- Patented top quality soft close system
- Highest quality aluminium frame, door and track
- Unique patented frame design
- Running system tested up to 80Kg
- Doors can be used as room dividers and for walk in wardrobes
- Angled doors available
- Doors to suit L shaped wardrobes
- Egger & Finsa MFC Board used for panels
- All glass and mirror used is CAT1 safety backed lacobel glass
- Bulletin board panels and magnetic white gloss panels, available for school storage unit sliding doors

WITH SO MANY DESIGNS, FRAME COLOURS, MFC BOARD & GLASS COLOURS TO CHOOSE FROM, THERE IS 100'S OF STYLES & DESIGNS TO CHOOSE FROM

DECORS AVAILABLE

We use 18mm MFC panels in our doors from EGGER and FINSA, which guarantees top quality and a huge range of colour options. We keep a large range of board colours in stock and we can quickly access a lot more.
